

**R E M A R K S**

Claims 2 and 6 have been amended to correct minor errors in the Examiner's Amendment. The last two paragraphs of claim 2 should refer to the weak-adherence adhesive layer (as opposed to pattern), and the last paragraph of claim 6 should refer to a surface of a plate of the jig (for proper antecedent basis). Amended claims 2 and 6 correspond to the claims agreed upon in the telephone interview discussed in the Notice of Allowance.

In addition, claim 5 has been amended to correct a minor antecedent basis problem.

No new matter has been added, and it is respectfully submitted that the amendments to claims 2, 5, and 6 are clerical in nature only, and require no substantial work on the part of the Examiner. Accordingly, it is respectfully requested that the amendments to claims 2, 5, and 6 be approved and entered under 37 CFR 1.312.

Respectfully submitted,

/Douglas Holtz/
